Veekay Process Instruments

<https://www.strainersmanufacturer.com/>

We are manufacturer, trader, exporter of **process control equipment, strainers, steel strainers, industrial valves, strainers, basket strainers, industrial filters, flow indicators, level controller, level gauge, the level indicator** in India.

About Us

Veekay Process Instrument Pvt Ltd. is engaged in manufacturing, exporting, wholesaling and trading a comprehensive range of strainers, valves, different varieties of glasses and gauges. The products are widely used by our clients based across oil, sugar and chemical industries. These are manufactured using superior quality stainless & carbon steel and are appreciated for their dimensional accuracy, high tensile strength and durability. We deal in **Veekay** brand.

Apart from this, we also manufacture liquid level gauges, liquid level switches, safety/pressure relief valves, basket strainers, duplex type strainers, temporary strainers, T-type strainers and Y type strainers. The products are manufactured using hi-tech machines and are tested to ensure their flawlessness. Our team of researchers continuously improves the quality of the products and enables us to keep in line with the industry requirements. Further, we also offer customization facility on the products as per the client's specifications. These products are widely used by our clients across the sugar, refineries, petrochemical, pharmaceuticals, chemicals, heavy engineering industries and power plants.

Our company has established a strong position in the industry under the able guidance of our promoters **Mr. V. Kannan** . Their in-depth knowledge and industry experience have enabled us to meet the diverse requirements of the clients and overcome all...
